09.01.98

1400 hrs

Contact Darryl DE LACY, Mana Cruising Club, Ph 04 233 1578, Box 57 045.

Asked to go back through mooring records for 3 months for visiting ketches – nothing noted.

Stated that there were several ketches at Mana but only one was a wooden "double-ender". That was a vessel called "Yvonne", a white vessel with blue trim built in 1898. It was still in racing condition.

DE LACY asked about a vessel called "Mae". Stated there was a vessel called "Mea" but that was a yacht with a green hull.

DE LACY stated that on date he had received the police special notice through the fax but requested a colour version of vessel and missing person notice. Forwarded per Fast Post.

W Stringer  
Detective Sergeant 5242  
9 January 1998
